

W9D2 Instructor Script

W9D2 - AI Behaviors Without Models - Instructor Script

Goals

Ship a tiny rule backed by tests and a CLI hook.

Agenda Times

6:30-6:45 Engage. 6:45-7:10 Decision table to Python. 7:10-7:25 Tiny tests. 7:25-7:35 CLI hook. 7:35-7:45 Break. 7:45-9:10 Team build and wire. 9:10-9:30 Debrief and logistics.

Live Code Steps

- 1) Create `src/rules.py` with `study_suggestion`.
- 2) Add guard clause and normalize inputs.
- 3) Add tests in `tests/test_rules.py`.
- 4) Wire into `src/app.py` with argparse flags.

Checkpoints

By 8:20 decision table doc and passing tests. By 8:50 CLI runs. By 9:10 PR and README updates.
